

EPSDT

On Thursday Feb. 7th, 2008 I will be having a site review with Sandra Jacquez, the program administrator from Denver. She will be visiting me here and reviewing my EPSDT info. Also, I will be able to access the CBMS site within the next month or so. This will give me access to see if a client is *currently* eligible for Medicaid benefits. I also have a conference call on Feb. 15th concerning children's benefits within Medicaid Presumptive Eligibility. I have been seeing Medicaid clients and sharing info on the EITC, Earned Income Tax Credit, since it's that time of year.
